• INTERNATIONAL SOCIETY FOR AEROSOLS IN MEDICINE •

# Welcome Letter

Dear ISAM Sponsors,

The International Society for Aerosols in Medicine (ISAM) is proud to announce that the **22<sup>nd</sup> Congress will be held in Montreux, Switzerland, from 26<sup>th</sup> to 29<sup>th</sup> May 2019**. The congress will bring together about 400 international attendees at one of the largest pulmonary drug delivery and respiratory health conferences. The attendees will include clinicians, respiratory health care professionals, aerosol engineers, formulations scientists and regulatory representatives.

The scientific agenda will be focused on the **current state of the art understanding of pulmonary disease, environmental aerosols, device/formulation strategies, advancing imaging techniques and emerging aerosol technologies**. Preceding the conference will be continuing educational classes focused on preclinical respiratory drug delivery, environmental exposures and current regulatory updates. The objective of all portions of the congress will be to foster scientific discussions around the current state-of-the-art for aerosols in medicine.

The success of the 22<sup>nd</sup> ISAM Congress is an opportunity for **leading companies associated with aerosols in medicine**. As a sponsor of ISAM 2019 you can **showcase your company / scientific expertise / emerging technologies** within one of the premier scientific meetings in the field. Included herein are details on different sponsorship opportunities and details as to the potential exposure this venue will provide for your company.

Please consider sponsorship and attendance at the 22<sup>nd</sup> ISAM Congress in May 2019. If you have any questions please reach out to any of the conference organizers.

Kind regards, the ISAM President and Conference Chairs

Rajiv Dhand, MD  
University of Tennessee, USA

Barbara Rothen-Rutishauser, PhD  
University of Fribourg, Switzerland

Fabian Blank, PhD  
University of Bern, Switzerland

# Scientific Program

The scientific program will cover all aspects of aerosol research in medicine including health effects of inhaled aerosols and pulmonary drug delivery including:

- 3-4 One day workshops on Saturday
- Welcome reception on Saturday evening
- Scientific symposia from Sunday morning to Wednesday at noon
- Poster session during breaks / evenings – one session with refreshments
- Networking group meetings
- Student networking event

## Tentative program schedule:

Time	Saturday 25.5.2019	Sunday 26.5.2019	Monday 27.5.2019	Tuesday 28.5.2019	Wednesday 29.5.2019

# Congress Venue

## Montreux Music & Convention Centre – 2m2c

The Montreux Music & Convention Centre – 2m2c stands for elegance, brightness and flexibility. The state-of-the-art building is located on the beautiful shores of Lake Geneva, surrounded by gardens and the principal hotels of the town. It is the perfect venue to host various meetings and conferences, exclusive events and outstanding product launches.

## Montreux

Montreux Riviera stretches along Lake Geneva from Lutry to Villeneuve. Blessed by a Mediterranean climate, this region features historic castles, vibrant towns, lovely countryside and charming hotels – making it the ideal destination for dream holidays as well as demanding business trips. A great advantage of Montreux is the Walking Distance: 1,000 rooms are centrally located along the lake within walking distance from the congress centre and railway station. The entire destination offers you 2,500 rooms and offers the Montreux Riviera Card to its guests free of charge.

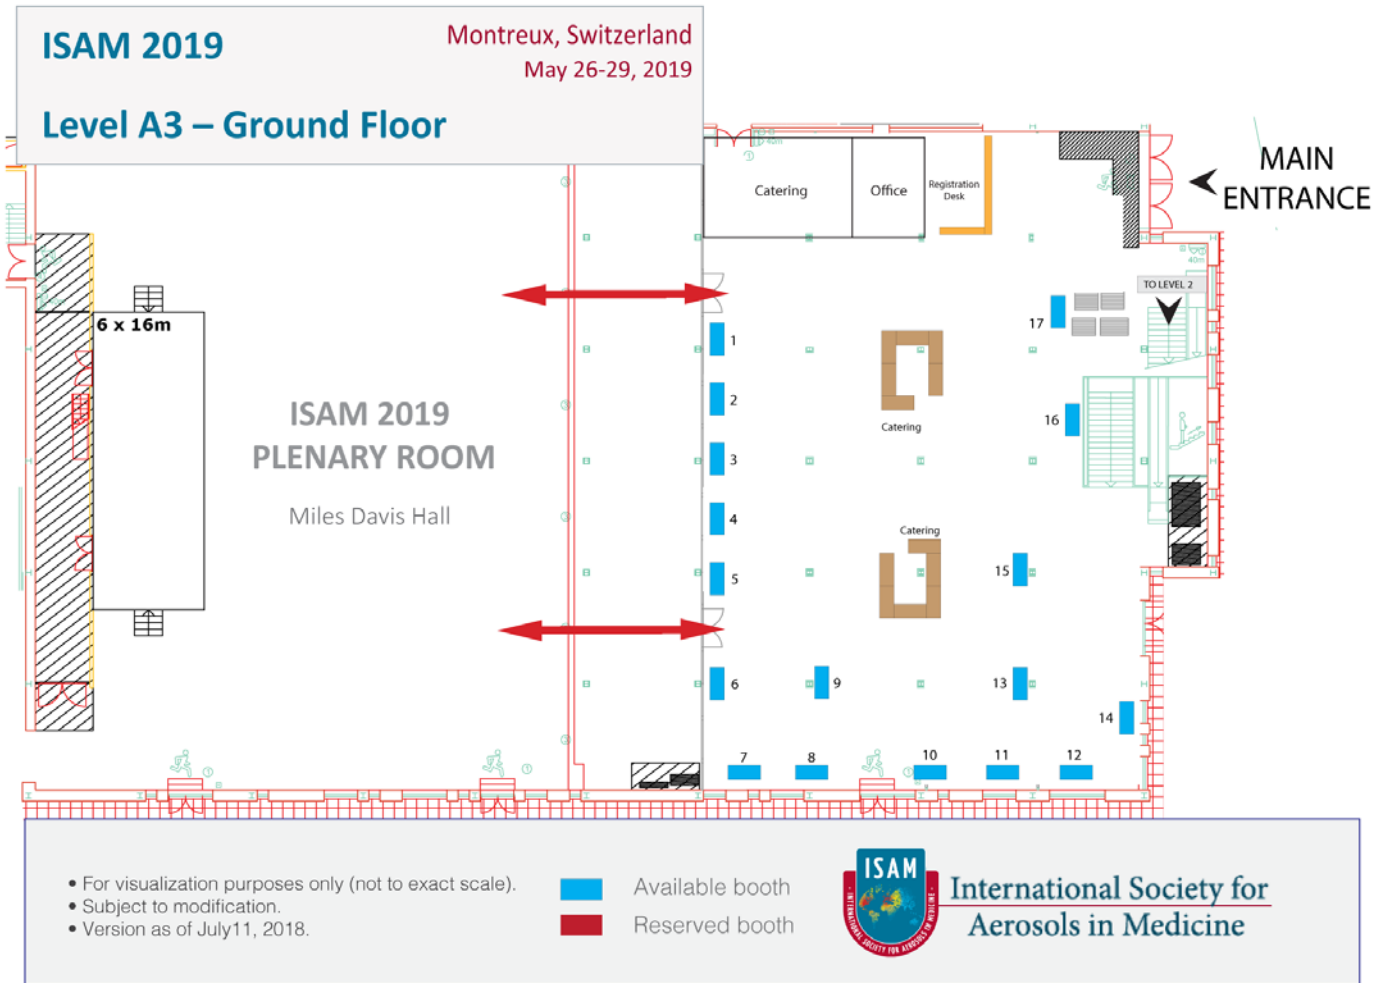

## Accommodation

To receive the discounted ISAM group rate, please book your reservation through the Montreux Tourism Center in the Eurotel Montreux or Grand Hôtel Suisse-Majestic:

# Exhibition Area

## Floor Plan – Level A3 – Ground Floor

# Poster Area and Breakout Rooms

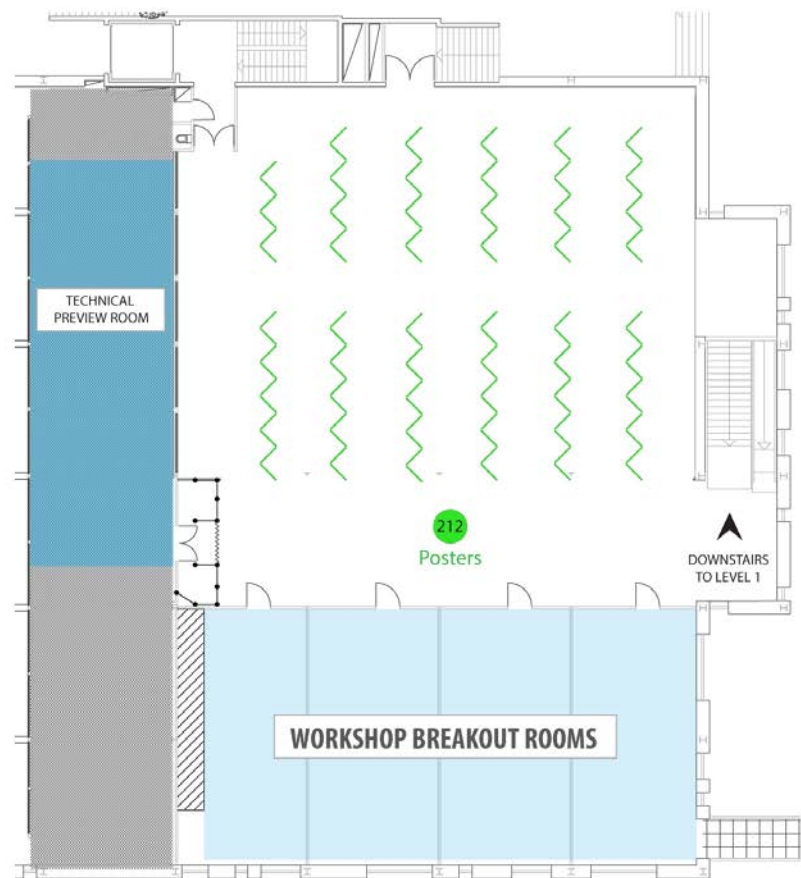

## Floor Plan – Level A4 - Upstairs

**ISAM 2019**  
**Level A4 – Upstairs**

Montreux, Switzerland  
May 26-29, 2019

### Poster Area and Workshop Breakout Rooms

- For visualization purposes only (not to exact scale).
- Subject to modification.
- Version as of July 11, 2018.

Sponsors have the possibility to organize an event in the poster hall or breakout rooms on upstairs level A4, please contact the organization team!

# Sponsoring options

## Gold Sponsor: CHF 20'000 (+VAT)

- Logo displayed on the conference stage at all times
- Visibility (logo) as Gold Sponsor on all communication supports
- Acknowledgement as conference sponsor with link on the home page of the convention web site
- Full exhibitor package (see below)
- Possibility to organize an event in the poster hall or breakout rooms on floor level 1
- 10 participant entries for co-workers / clients

## Silver Sponsor: CHF 10'000 (+VAT)

- Visibility (logo) as Silver Sponsor on all communication supports
- Acknowledgement as conference sponsor with link on the home page of the convention web site
- Full exhibitor package (see below)
- 5 participant entries for co-workers / clients

## Bronze Sponsor: CHF 5'000 (+VAT)

- Visibility (logo) as Bronze Sponsor on all communication supports
- Acknowledgement as conference sponsor with link on the web site of the convention web site
- Full exhibitor package (see below)
- 2 participant entries for co-workers / clients

## Exhibitor package: CHF 2'500 (+VAT)

- Table for brochures or product display (approx. 4m2 ground area) with 1 x 220 VAC electricity
  - 1 Poster board provided by the organizer or roll-up displays provided by exhibitor
  - Visibility (logo) as Exhibitor in the convention brochure
  - Logo with link on the web site of the convention
  - 2 participant entries
-

### Additional Sponsoring Options

- **Welcome Reception (CHF 5,000)**
  - Roll Up Banner
  - Logo on ticket
  
- **Advertisement in the final conference book**
  - 1 Page (CHF 2,000)
  - ½ Page (CHF 1,000)
  
- **Insert Material in delegate bags (CHF 1,000)**
  
- **Poster Party (CHF 5,000)**
  - Roll Up Banner
  - Logo on ticket
  
- **Conference Dinner (CHF 5,000)**
  - Roll Up Banner
  - Logo on ticket

# General Terms and Conditions

## 1. Registration

The exhibition registration forwarded to the organizer is binding. Admission takes place by emailing the exhibition documents and the exhibition plan. No right of admission can be derived from the registration. In the event that more registrations are received than available stand area, these are considered in the order they were received (date of receipt, first come, first-serve).

## 2. Stand allocation

Stand allocation takes place in accordance with demand, available exhibition areas, technical requirements and the organizer's conceptual requirements. Requests by exhibition companies regarding the stand are considered as far as possible. The exhibitor is not entitled to the allocation of a specific stand area.

In principle, only the basic area is rented out at the dimensions stated. There is no entitlement to the allocation of the area stated in the registration (in terms of size and position).

Furthermore, the organizer does not guarantee the exhibition's success, i.e. for the number of visitors and congress participants.

The organizer may change the position of the exhibition area even after the stand allocation has been sent. These changes do not substantiate a claim for a price reduction.

An exhibition agreement between the exhibitor and the organizer comes about with the confirmation of the stand. The organizer reserves the right to exclude individual suppliers from participating at the event.

## 3. Co-exhibitors

Sub-letting the stand is not permitted without the organizer's prior written approval. Any approved sub-letting of a stand area to a co-exhibitor is subject to a flat fee of CHF 500.00 plus VAT per co-exhibitor.

In addition, the lessee shall impose the organizer's contractual conditions, in particular also the organizer's general terms and conditions, on his contractual partners.

## 4. Relocation and restrictions of the exhibition

No claims on the part of the exhibitor arise against the organizer should an exhibition have to be cut short, relocated or cancelled.

## 5. Withdrawal

If an exhibitor withdraws from his registration after having received confirmation of admission, the organizer is always entitled to 80 percent of the stand rental if the stand cannot be let out to somebody else. If the withdrawal is less than 6 weeks prior to the beginning of the exhibition, or if a company stays away from the exhibition without prior notice, the full stand rental becomes due.

## 6. Payment terms

All payments are to be made in Swiss Francs (CHF). The stand rental is invoiced without any ancillary costs and is due within the stipulated payment period without any discount.

Bank fees for international transfers and currency exchange are at the client's expense. Where fees have already been debited to the organizer, these must be settled by the exhibitor at the latest on site against presentation of proof of payment or in cash. In the event of payment arrears, the organizer is entitled to withdraw from the agreement without any further notification.

## 7. Insurance, liability

The exhibitors are obliged to take out a general liability insurance prior to the beginning of the event. An additional insurance against loss of or damage to the exhibition items during build-up and/or breakdown, the duration of the exhibition and transport is recommended.

Exhibitors are also liable for damage caused by their own staff or any assigned companies.

The exhibitor is not entitled to claim against the organizer should there be any discrepancy regarding space measurements.

# General Terms and Condition

## 8. Gastronomy provision

The event/convention gastronomy located in the building is solely responsible for the provision of food and drink.

## 9. Advertising

Any kind of advertising outside the stand is not permitted. Acoustic and/or visual advertising aids at the stand must be designed in such a way that neighboring stands are not affected.

The distribution or display of any prospectus, flyers, brochures or the like is generally only permitted on the exhibitor's own stand; hostesses engaged outside the stand area require the organizer's approval.

Contraventions are subject to a fine of CHF 250.00 plus VAT.

## 10. Stand design

Stand material must provably in any case be of low flammability in terms of DIN 4102. The effect of the sprinkler systems may not be influenced in any way.

## 11. Build-up and breakdown of the stand

The fixed build-up and breakdown times must absolutely be adhered to. The stipulated end of the breakdown also includes the removal of the exhibition goods.

## 12. Cleaning

The stand areas must be left in a clean condition after breakdown.

## 13. Miscellaneous provisions

In the event that the organizer is compelled to evacuate one or several exhibition areas temporarily or even for a longer period of time, to postpone, cut short or extend the exhibition as a result of force majeure or any other reason for which he is not responsible, this does not give rise to any claims on the part of the exhibitor for a withdrawal or termination or to any other claims towards the organizer, in particular claims for damages. No claims arise against the organizer if the conference has to be cut short or cancelled for any reason. This liability exclusion also extends to any changes which may become necessary at short notice concerning the stand's measurements, position or similar.

Obtaining official authorizations is always the exhibitor's responsibility. The exhibitor also carries the sole responsibility to ensure that the provisions related to trade laws, police regulations in force, health legislation and other provisions are complied with. Should the participation in the event not be approved or the breakdown of a stand be required prior to the end of the event as a result of contravening these provisions, the exhibitor shall not have any claim towards to the organizer for a refund of costs.

## 14. Final provisions

The exhibitor's claims against the organizer expire in 6 months, provided no legal provisions state otherwise. If single provisions of the participation conditions are ineffective, this has no influence on the validity of the other regulations. The ineffective regulation shall be modified in such a way that the intended purpose is met.

Place of jurisdiction is Neuchâtel, Switzerland and the language of any eventual court claims will be conducted in French.
